INCLUDING ALL CHILDREN IN QUALITY LEARNING
Education is a right for every child
Education is crucial to the POST-2015 DEVELOPMENT AGENDA.
Millions of children out of school

- 1.6m: children of pre-primary school age
- 2.5m: children of basic school age
- 3.6m: children with disabilities
- 12m: adolescents
Out of school children are those who...

- Never enroll
- Enroll late
- Drop out
- At risk of dropping out
Early childhood education is the most powerful equalizer of inequalities.
OECD’s PISA: Half of 15-year-olds do not master basic skills in reading, mathematics and science.
System bottlenecks create roadblocks to equity
Our region has good practices and successful models to share beyond its borders
