From evidence to action: Regional framework for monitoring out of school children

UNICEF Regional Office for CEE/CIS

Central and Eastern Europe and the Commonwealth of Independent States
Purpose of the Framework

1. Reliably identify OOSC and those at risk of exclusion
2. Analyze the causes of exclusion
3. Help develop evidence-based policies and strategies to reduce exclusion
Where is data on out of school children in national databases?

Central and Eastern Europe and the Commonwealth of Independent States
Children at risk of dropping out
8-Step Monitoring Framework
8-Step Monitoring Framework

1. Establish indicators, definitions and benchmarks

2. Prevent, detect and resolve data inaccuracies

3. Update EMIS to incorporate new indicators and methodologies

4. Close gaps in vertical information flows between local and national level

5. Close gaps in horizontal information flows through cross-sector collaboration

6. Develop early warning system

7. Develop reporting and analysing routines to inform policies and strategies

8. Develop improved policies and strategies
THANK YOU!
